Video Tutorials

New! Watch a video to learn what's new in SketchUp 8

If you're new to building 3D models with Google SketchUp, our video tutorials are a great way to get started. They range from basic to more advanced topics, and are best watched in the order that they are listed. Though they're narrated in English, these videos contain a lot of visual information that non-English speakers will find helpful.

Having trouble seeing our videos? You can [download](#) them to watch offline.

New to Google SketchUp
A great starting place for new users to SketchUp
[28 videos]

Creating models for Google Earth
To optimize your models for use in Google Earth
[14 videos]

Familiar with Google SketchUp
For those using SketchUp and requiring a few specific pointers
[10 videos]

Creating presentations with LayOut
Extending your workflow to print and presentation design
[5 videos]

Expert in Google SketchUp
When you have a complex problem or require a focused workflow
[4 videos]
